

Hockers and stools

PUNG

design: Piotr Kuchciński

PUNG hockers and stools are a universal addition to any contemporary space. The furniture has a stable and minimalist base made of powder-coated metal and a round upholstered seat that provides comfort while sitting. The frame is additionally connected with a metal basket, which will be perfect as a shelf for a purse, necessary utensils or as a support for the legs.

Collection features:

- universal and stable construction
- complement any arrangement
- comfortable, upholstered seat
- powder coated metal frame
- a stool to choose from, with feet or wheels
- metal basket as a shelf or footrest
